

Workshop Day 2

16th March 2023 marked the second day of workshop on Managerial Economics for the students of Department of Business Administration & Management, IEHE. The workshop was held in the presence of our HOD Dr. Sharda Gangwar along with the faculty organizers.

The workshop kick started with a live session from Miss Anshita Sachan senior research fellow at MANIT Bhopal, who is currently working in the field of environment and energy economics. She has published papers in reputable international journals. The topic for today was Demand and Supply which was explained very well through innovative examples and interactive Question and Answers Session which ensured that each and every student who joined this session could highly benefit from it.
