

Department of Economics

**Institute for Excellence in Higher Education (IEHE),  
Bhopal (MP)**

NAAC Re-accredited (Third Cycle) Autonomous College  
Under the UGC Scheme with 'A' Grade (CGPA-3.10)

**Program Outcomes (POs),  
Program Specific Outcome (PSOs)  
&  
Course Outcomes (COs)  
of  
Department of Economics**

**B.A. (Honours) Economics  
(Session: 2021-2022)**

## **COURSES OFFERED BY THE INSTITUTE**

### **Under Graduate Courses**

- B.Com. Honours (Management/Account)
- **B.A. Honours (Economics/History/Psychology/Sociology/Political Science/English Literature/Hindi Literature/Geography/Fashion Designing)**
- B.Sc. Honours (Physics/Chemistry/Computer-Science/Mathematics/Electronics/Biotechnology/Geography/Forensic-Science)

### **Post Graduate Courses**

- MA (English)
- **MA (Economics)**
- MA (Social Work)
- MA (History)
- MA (Public Administration)
- MA (Political Science)
- M.Com. (Management)
- M.Sc. (Physics)
- M.Sc. (Chemistry)
- M.Sc. (Biotechnology)
- M.Sc. (Mathematics)

### **Diploma Programme**

- 14 Vocational Programmes

### **Certificate Programme**

- 31 Vocational Programmes

### **Training Programmes**

- 09 Vocational Programmes

### **Special Programmes**

- 03 Vocational Programmes

**Program Outcomes (PO) of the Under-Graduate Courses Offered in the Institute**

- PO1: Domain Knowledge:** Capable of demonstrating comprehensive knowledge & understanding of one or more other disciplines that form a part of an undergraduate programme of study.
- PO2: Critical Thinking:** Critically evaluate practices, policies and theories by following scientific approach to knowledge development. Take informed actions after identifying the assumptions that frame our thinking and actions, checking out the degree to which these assumptions are accurate and valid, and looking at our ideas and decisions (intellectual, organizational, and personal) from different perspectives.
- PO3: Problem Solving and Analytical Skills:** Ability to think rationally, analyse situations and solve problems adequately.
- PO4: Information and Digital Literacy:** Capability to use ICT in a variety of learning situations. Demonstrate ability to access, evaluate and use a variety of relevant information sources; and use appropriate software for analysis of data.
- PO5: Communication Skills:** The capacity to communicate effectively using appropriate media, to present complex information in a clear & concise manner. Acquire the learning abilities by focusing on LSRW (Listening, Speaking, Reading & Writing skill, which provide a stage to the students to sharpen their capacity to learn more.
- PO6: Social Interaction and sensitivity towards the societal issues:** Work effectively and respectfully with diverse teams; facilitate cooperative or coordinated effort on the part of a group and act together as a group or a team in the interests of a common cause. Elicit views of others, mediate disagreements and help reach conclusions in group settings.
- PO7: Self-directed & Life-long Learning:** Acquire the potential to engage in independent & life-long learning in the broadest context socio-technological changes. Critical sensibility to live experiences, with self-awareness and reflexivity of both and society.
- PO8: Environment and Sustainability:** Understand the issues of environmental contexts & sustainable development.
- PO9: Moral and Ethical Awareness:** Ability to embrace moral/ ethical values in conducting one's life, possess knowledge of the values and beliefs of multiple cultures and a global perspective; and capability to effectively engage in a multicultural society and interact respectfully with diverse groups.
- PO10: Effective Citizenship:** Demonstrate empathetic social concern and equity centred national development, and the ability to act with an informed awareness of issues and participate in civic life through volunteering.
- PO11: Research-related skills:** A sense of inquiry and capability for asking relevant/appropriate questions, problematizing, synthesizing and articulating; Ability to recognize cause and effective relationships, define problems, formulate hypotheses, interpret and draw conclusions from data, ability to plan, execute and report the results of an experiment or investigation. Efficiency to apply one's learning to real life situations or in interdisciplinary areas.
- PO12: Leadership and Management Skills:** Competence to use skills in organizing for people to reach a shared goal. During leading a project, ability to motivate others to complete a series of tasks, often according to a schedule.
- PO13: Employability and Entrepreneurial Skill:** Ability to develop employability skills such as, positive attitude, good business sense, willingness to learn, resilience, ability to work under pressure, optimism, adaptability, perseverance and motivation, and a host of similar skills.

## Department of Economics

### PROGRAMME OUTCOMES (PO): B.A.

Programme Outcomes	<i>Students seeking admission for B.A. programme, permeating following qualities which help them in their future life to achieve the expected goals:</i>
PO1	<b>Domain Knowledge:</b> Creating interest in basic and advance knowledge in literature of the subject concerned.
PO2	<b>Critical Thinking:</b> Critically evaluate practices, policies and theories by following humanistic approach to knowledge development. Focussing more on inculcating creative ability.
PO3	<b>Problem Analysis:</b> Identifying, formulating and analysing complex problems, reaching substantiated conclusions using case studies, surveys & quizzes, field visits, etc.
PO4	<b>Communication Skills:</b> Ability to express thoughts and ideas effectively & communicate with others using appropriate media.
PO5	<b>Information and Digital Literacy:</b> Capability to use ICT in a variety of learning situations such as browsing sources of data & literature. Analysing the data with the help of appropriate software/apps. Writing reports & assignments using appropriate software.
PO6	<b>Social Interaction and sensitivity towards the societal issues:</b> Getting acquainted with social transactions, social relations, social formations, social control, social values and culture.
PO7	<b>Effective Citizenship:</b> Demonstrate empathetic social concern and equity centred national development to be responsible and law-abiding citizen.
PO8	<b>Moral and Ethical Awareness:</b> Ability to embrace moral/ethical values in conducting one's life, possess knowledge of the values and beliefs of multiple cultures and a global perspective.
PO9	<b>Environment &amp; Sustainability:</b> Understanding the impact of social and economic behaviour on societal and environmental issues, realizing the need of sustainable development.
PO10	<b>Self-directed and Life-long Learning:</b> Acquire the potential to learn latest development in the subject concerned and to engage in independent and life-long learning
PO11	<b>Research-related Skills:</b> Getting acquainted with emerging areas and dimensions of the subject concerned and its relevance in society, polity and economy with future prospects.
PO12	<b>Leadership Skills:</b> Ability to lead a project and to motivate others to complete a series of tasks.
PO13	<b>Employability Skill:</b> Ability to develop employability skills such as, positive attitude, administrative skill, presentation skill, cooperative skill, willingness to learn, resilience, ability to work under pressure, optimism, adaptability, client relations and motivation, and a host of similar skills.

## Department of Economics

### Programme Specific Outcomes (PSO): **B.A. (Economics)** as (Honours/Major Subject)

<b>Programme Specific Outcomes</b>	<i>The students taking up this program of BA with Economics (Honours/Major) as a special subject of study, receive the following outcomes:</i>
PSO-1	<b>Domain Knowledge:</b> Creating interest with providing basic knowledge of Economics and its application in human life.
PSO-2	<b>Critical Thinking:</b> Critically able to evaluate practices, policies and theories related to Economics.
PSO-3	<b>Problem Analysis:</b> With using the various statistical tools and survey. Students of Economics will be able to give suggestions to solve problems and analysing it.
PSO-4	<b>Information &amp; Digital Literacy:</b> Students of Economics will be able to use and analyse various data with the help of ICT.
PSO-5	<b>Self-directed and Life-long Learning:</b> Acquire the potential to get acquainted with the latest development in the field of Economics and to encourage learning throughout.
PSO-6	<b>Research-related Skills:</b> Getting acquainted with emerging areas and various facets of Economics and its relevance with future prospects.
PSO-7	<b>Leadership Skills:</b> Ability to lead a project and to motivate others to complete a series of tasks.
PSO-8	<b>Employability Skills:</b> Ability to develop employability skills by providing knowledge regarding various current fields.

### Programme Specific Outcomes (PSO): **Management** (Minor/Subsidiary)

<b>Program Specific Outcomes</b>	<i>The students taking up this program of BA Management (Minor/ Subsidiary) as a special subject of study, receive the following outcomes:</i>
PSO-1	<b>Domain Knowledge:</b> Creating interest in basic and advance knowledge in Management Literature.
PSO-2	<b>Critical Thinking:</b> Critically evaluate practices, policies and theories by following humanistic approach to knowledge development. Focusing more on inculcating creative ability.
PSO-3	<b>Problem Analysis:</b> Identifying, formulating and analyzing complex management problems, reaching substantiated conclusions using case studies, surveys & quizzes, field visit, etc.
PSO-4	<b>Communication Skills:</b> Ability to express thoughts and ideas effectively and communication with others using appropriate media.
PSO-5	<b>Effective Citizenship:</b> Demonstrate empathetic social concern and equity centered national development to be responsible and law-biding citizen.
PSO-6	<b>Moral and Ethical Awareness:</b> Ability to inculcate ethical values in conducting one's life morally.
PSO-7	<b>Research-related Skills:</b> Getting acquainted with gathering, analyzing and interpreting the information/data of the emerging Management areas.
PSO-8	<b>Leadership Skills:</b> Ability to lead a team and direct others to accomplish goals.

### Course Outcomes (CO)s

#### Semester: I

##### *Micro Economics (Paper Code: MJA-111)*

<b>Course Outcomes</b>	<b><i>The students taking up this course of B.A. with Economics (Major) as a special subject of study receive the following outcomes:</i></b>
CO-1	Students will gain insights about the basic knowledge and concept of Economics.
CO-2	They will be able to assess the context for consumer behavior.
CO-3	Their horizon of knowledge will be widened regarding the elasticity of demand.
CO-4	They will be able to elucidate price determination under perfect competition, Monopoly and Oligopoly.
CO-5	They will learn about the various facets of Welfare Economics.

#### Semester: I

##### *Indian Economy (Paper Code: MNA-112)*

<b>Course Outcomes</b>	<b><i>The students taking up this course of B.A. with Economics (Minor) as a special subject of study receive the following outcomes:</i></b>
CO-1	An overall understanding about various sectors of the Indian economy.
CO-2	Analyzing the sector specific policies.
CO-3	Critical evaluation of various economic policies adopted post-independence.

#### Semester: I

##### *Management Principles & Applications (Paper Code: MNA-113)*

<b>Course Outcomes</b>	<b><i>The students taking up this course of B.A. with Economics (Minor) as a special subject of study receive the following outcomes:</i></b>
CO-1	Students will gain insights about the Management in Indian culture and tradition.
CO-2	They will be able to assess the context for various managerial functions to ensure organizational efficiency and effectiveness
CO-3	Their horizon of knowledge will be widened regarding the anticipation of future challenges.
CO-4	They will develop the competencies and skills to deal with uncertain environment.
CO-5	They will learn about the various facets of strategic management used by businesses to maintain and improve organizational efficiency.

## Department of Economics

### Semester: II

#### *Introductory Macroeconomics (Paper Code: MJA-211)*

Course Outcomes	<i>The students taking up this course of BA with Economics (Major) as a special subject of study receive the following outcomes:</i>
CO-1	Using employment and national income statistics students will be able to describe and analyse the economy in quantitative terms.
CO-2	Students will be able to describe the contemporary banking and monetary system, and analyse the role of money, credit, and monetary policy.
CO-3	Students will be able to utilize a simple contemporary economic model such as the aggregate supply/aggregate demand model and describe the interrelationships among prices, income and interest rates as they affect consumption, saving and investment.

### Semester: II

#### *Introductory Macroeconomics (Paper Code: MNA-212)*

Course Outcomes	<i>The students taking up this course of BA with Economics (Minor) as a special subject of study receive the following outcomes:</i>
CO-1	Students will gain insights about the basic knowledge and concept of Economics.
CO-2	They will be able to assess the context for consumer behavior.
CO-3	Their horizon of knowledge will be widened regarding the elasticity of demand.
CO-4	They will be able to elucidate price determination under perfect competition, Monopoly and Oligopoly.
CO-5	They will learn about the various facets of Welfare Economics.

### Semester: II

#### **Organisational Behaviour**

*Code: MNA-213*

Course Outcomes	<i>The students taking up this course of BA with Economics (Minor) as a special subject of study receive the following outcomes:</i>
CO-1	The course will enable the students to develop an understanding of the individual and group behavior in organizations.
CO-2	They will gain insights about creating and sustaining culture; developing positive ethical cultures.
CO-3	They will be able to assess the impact of organizational change in Indian businesses and develop competencies to manage resistance to change.
CO-4	They will acquire the knowledge regarding the comparison of Indian leadership styles with other countries.
CO-5	They will be able to enunciate the prevalent organizational design and new design options.

## Department of Economics

### Semester: III

#### *Agricultural Economics*

*Code: A-311(N-05)*

Course Outcomes	<i>The students taking up this course of BA with Economics (Honours-I) as a special subject of study receive the following outcomes:</i>
CO-1	Understand the Nature and scope of Agricultural Economics.
CO-2	Understand the agricultural production economics, principles and their applications.
CO-3	Acquire knowledge and analytical skills in addressing the issues of a agricultural Economy.
CO-4	Enhancing expertise in improving the performance of the marketing institutions and the players in marketing of a agricultural commodities
CO-5	Understand the agricultural policies and its effect on sustainable agricultural development and on Environment.
CO-6	Understand the globalization and its impact on agricultural development.

### Semester: III

#### *Macro Economics*

*Code: A-312(N-16)*

Course Outcomes	<i>The students taking up this course of BA with Economics (Honours-II/ Subsidiary) as a special subject of study receive the following outcomes:</i>
CO-1	Using employment and national income statistics students will be able to describe and analyse the economy in quantitative terms.
CO-2	Students will be able to describe the contemporary banking and monetary system, and analyse the role of money, credit, and monetary policy.
CO-3	Students will be able to utilize a simple contemporary economic model such as the aggregate supply/aggregate demand model and describe the interrelationships among prices, income and interest rates as they affect consumption, saving and investment.
CO-4	Analyse fiscal and monetary policy decisions to counter business cycle swings by using macro-economic models.

### Semester: III

#### *Advertising & Consumer Behaviour*

*Code: A-313*

Course Outcomes	<i>The students taking up this course of BA (Economics) with Management (Minor) as a special subject of study receive the following outcomes:</i>
CO-1	This course will enable the students to learn about the overall role that advertising plays in the business world.
CO-2	They will gain an insight about the formulation and implementation of advertising strategies and budgets.
CO-3	They will be able to take decisions regarding the identification and development of advertising media.
CO-4	They will be able to analyse consumer behaviour in an informed and systematic way.
CO-5	They will be able to develop competencies analyse personal, socio-cultural, and environmental dimensions that influence consumer decisions making.

## Department of Economics

### Semester: IV

#### *Economics of Growth & Regional Development*

*Code: A-411(A)*

Course Outcomes	<i>The students taking up this course of BA with Economics (Honours-I) as a special subject of study receive the following outcomes:</i>
CO-1	To understand the regional issues underlying the working of economic condition.
CO-2	To understand the regional model of economic activities.
CO-3	To understand the regional policies of economic development.
CO-4	To conduct a theoretical analysis of real issues of Indian economy.

### Semester: IV

#### *Basic Mathematics for Economics*

*Code: A-411(B)*

Course Outcomes	<i>The students taking up this course of BA (Honours-I) (Optional) as a special subject of study receive the following outcomes: Students will be able to -</i>
CO-1	Provide a wider and deeper exposure to the Calculus of functions and their application to the discipline of Economics.
CO-2	Solve simultaneous equations.
CO-3	Gain an understanding of how to solve mathematical problems that are common to economic modelling.
CO-4	Demonstrate the economic applications of differentiation and use it to formulate economic problems.
CO-5	Develop the ability to accurately translate complex economic problems onto mathematical models and hone the skills to solve the problems through the wide array of mathematical techniques.
CO-6	Increase "Mathematical Maturity", confidence and familiarity with the types of problems that will be encountered and built upon later.
CO-7	Manipulate exponential and logarithmic functions and solve problems involving such functions.
CO-8	Solve difference and differential equations.

### Semester: IV

#### *Money, Banking & Public Finance*

*Code: A-412*

Course Outcomes	<i>The students taking up this course of BA with Economics (Honours-II/ Subsidiary) as a special subject of study receive the following outcomes:</i>
CO-1	This course will enable the students to learn about the basic concept of Money, and its various functions.
CO-2	They will have in depth knowledge about the recent reforms in the banking sector.
CO-3	They will understand the efficacious role of central bank in regulating the banking and financial system.
CO-4	The student will gain insights about the public revenues and their sources, taxation and the principles of public expenditure.
CO-5	This course will enable them to describe and explain about the public debt and methods of debt redemption.

## Department of Economics

### Semester: IV

#### Corporate Finance

*Code: A-413*

Course Outcomes	<i>The students taking up this course of BA (Economics) with Management (Minor) as a special subject of study receive the following outcomes:</i>
CO-1	This course will enable the students to learn about the basic concept of Money, and its various functions.
CO-2	They will have in depth knowledge about the recent reforms in the banking sector.
CO-3	They will understand the efficacious role of central bank in regulating the banking and financial system.
CO-4	The student will gain insights about the public revenues and their sources, taxation and the principles of public expenditure.
CO-5	This course will enable them to describe and explain about the public debt and methods of debt redemption.

### Semester: V

#### Financial System

*Code: A-511*

Course Outcomes	<i>The students taking up this course of BA with Economics (Honours-I) as a special subject of study receive the following outcomes:</i>
CO-1	This course will enable the students to gain insights about the various facets of financial services.
CO-2	They will be able to have knowledge about the economic/banking and financial sector reforms.
CO-3	They will understand the efficacious role of central bank in regulating the banking and financial system.
CO-4	This course will ensure to enhance research ability and ethical awareness among students.
CO-5	This course will be helpful in developing employability skills, positive attitude/work under pressure.

### Semester: V

#### Quantitative Techniques

*Code: A-512*

Course Outcomes	<i>The students taking up this course of BA with Economics (Honours-II/Subsidiary) as a special subject of study receive the following outcomes:</i>
CO-1	This course will enable the students to gain insights about the significance of Statistics in Economics.
CO-2	They will be able to have knowledge about the sampling and its methods.
CO-3	They will understand the conceptual framework of correlation and relation with variables.
CO-4	This will be able to elucidate the facets of index numbers and their methods.
CO-5	They will be able to apply the knowledge regarding various research tools.

## Department of Economics

### Semester: V

#### Human Resource Management

Code: A-513

Course Outcomes	<i>The students taking up this course of BA (Economics) with Management (Minor) as a special subject of study receive the following outcomes:</i>
CO-1	This course will enable the students to assess theoretical and practical framework of HRM.
CO-2	They will be able to demonstrate the competencies to understand the implications of human resources management in an organization.
CO-3	They will develop the insights regarding the management of human resource functions.
CO-4	They will understand the importance of HR managers in performance management of employees and their contribution toward organizational effectiveness.
CO-5	This course will be helpful in acquiring knowledge about the various facets of Human Resource Information System (HRIS).

### Semester: VI

#### Demography

Code: A-611(A)

Course Outcomes	<i>The students taking up this course of BA with Economics (Honours-I) (Optional) as a special subject of study receive the following outcomes:</i>
CO-1	Understand the basic concepts of Demography.
CO-2	Understand the core social demographic variables, and how these variables influence population growth, composition, distribution and structure.
CO-3	Understand population policies and programmes adopted in India.
CO-4	Discuss global demographic regimes and impact on public health and environment.
CO-5	Identify appropriate sources of data, perform basic demographic analyses using various techniques and ensure their comparability across populations.

## Department of Economics

### Semester: VI

#### Econometric Methods

Code: A-611(B)

Course Outcomes	<i>The students taking up this course of BA with Economics (Honours-I) (Optional) as a special subject of study receive the following outcomes:</i>
CO-1	Use basic econometric estimation techniques such as Ordinary Least Squares to estimate bivariate and multivariate regression models.
CO-2	Detect and analyse the problems associated with real life data estimation and correct them using relevant methods.
CO-3	Appreciate the various regression models and select the most appropriate model for estimation of the given dataset. Differentiate between methods used to model cross-sectional and time series datasets.
CO-4	Use R for carrying out operations involving basic statistics and Econometrics for the topics included in the course outline. Interpreting results obtained from statistical and econometric exercises in R.
CO-5	Acquainted with the problems of Multicollinearity, Heteroscedasticity and Auto correlation.

### Semester: VI

#### International Economics

Code: A-612

Course Outcomes	<i>The students taking up this course of BA with Economics (Honours-II/Subsidiary) as a special subject of study receive the following outcomes:</i>
CO-1	The course will enable the students to develop an understanding for the trade theories.
CO-2	They will gain insights about the location of production.
CO-3	They will be able to assess the impact of macroeconomic policy.
CO-4	They will acquire the knowledge about the trade barriers, Balance of Payment and foreign trade multiplier.
CO-5	They will be able enunciate the role of International Monetary Organizations such as International Monetary Fund, World Bank, WTO.

**Semester: VI**  
**Marketing Management**

*Code: A-613*

<b>Course Outcomes</b>	<b><i>The students taking up this course of BA (Economics) with Management (Minor) as a special subject of study receive the following outcomes:</i></b>
CO-1	The course will enable the students to develop an understanding for the marketing perspectives.
CO-2	They will gain insights about strategic approach to marketing.
CO-3	They will be able to assess the impact of external environment on marketing decisions and develop competencies to manage challenges posed by such environment.
CO-4	They will acquire the knowledge and how to apply that knowledge regarding strategic intervention of 7Ps and 3As of marketing.
CO-5	They will be able enunciate the prevalent consumer behavior and buying decision making process.
